By purchasing, downloading, or using any texture pack created by Evalynn, you agree to the terms of this End User License Agreement. If you do not agree with these terms, you may not use the textures.

1. Permitted Use

You are granted a non-exclusive, perpetual, worldwide license to use the purchased textures in:

• Personal projects
• Commercial projects
• Games, apps, and interactive media
• Print media, merchandise, and branding
• Streaming overlays, Vtuber assets, and content creation

Modification is allowed and expected. You may recolor, edit, crop, combine, or otherwise alter the textures as needed.

This license applies studio-wide. There are no user, seat, or installation limits.

2. Allowed Use in Derivative Works

You may use the textures to create derivative works, including modified patterns, integrated assets, or any creative output where the original texture cannot be extracted in its original form.

Derivative works may be used in personal or commercial projects, sold as part of your products, or included within games, applications, or media.

3. Restrictions

To protect the integrity of the artwork, the following uses are not permitted:

3.1 Redistribution of Originals

• You may not resell, repackage, upload, share, or distribute the original textures in

their original form.
• You may not include the original textures as standalone assets in any asset pack, template, or resource bundle.
• You may not share any of the original textures with anyone outside your studio organization.

3.2 No Public Access to Original Files
• You may not make the raw texture files publicly accessible in any form, including open repositories, shared drives, or public downloads.

3.3 No AI Usage
• You may not use the textures for AI training, dataset creation, machine learning models, or any generative systems.

3.4 No Hate or Bigotry
• The textures may not be used in projects that promote hate, discrimination, or bigoted ideology targeting protected classes.

3.5 Adult Content
• Use in adult or erotic content is allowed.

4. Packaging and Asset Types

Each product page on itch.io specifies the exact files and resolutions included in that pack. Packs may contain, but are not limited to:
• JPG and PNG files
• Vector formats such as SVG, AI, or EPS
• 72 dpi and 300 dpi versions
• Seamless or tileable textures
• Alpha or tintable variations
• Specular or normal maps where applicable

The specific contents of each pack are defined by its individual product listing.

5. Attribution

Credit or attribution is not required, though it is always appreciated where feasible.

6. AI, NFT, and Blockchain Restrictions

The textures may not be used for:
• Training or feeding into AI or machine learning systems
• Creating or contributing to any dataset
• NFT minting or blockchain-based asset sales

These restrictions apply regardless of whether the textures are used as-is or in modified form.

7. Refunds

Due to the digital nature of the products, all sales are non-refundable once the files have been downloaded.

Store credit may be granted in exceptional situations at the sole discretion of the creator.

8. License Ownership

You are purchasing a license to use the textures, not ownership of the underlying artwork or intellectual property.

All rights, title, and interest not expressly granted in this EULA remain with Evalynn.

9. Transferability

This license is non-transferable. You may not sell, sublicense, assign, or otherwise transfer this license to another person, studio, or entity.

10. Governing Law

This agreement is governed by the laws of the United States and the Commonwealth of Massachusetts.

11. Acceptance

By purchasing, downloading, installing, or using the textures, you acknowledge that you have read, understood, and agreed to be bound by the terms of this End User License Agreement.
